**Throughout his career, whether in the studio or on the stage, the Celestion 20 watt "Greenback" speaker has played an essential role to Edward Van Halen in making the tones that rewrote the book on guitar sound.**

**With a distinctive black can, the EVH logo and his unmistakable red, white and black stripes, the G12EVH is the only speaker Edward Van Halen trusts for use in his signature amp, the EVH Brand 5150-III.**

**Unmistakable look. Unmistakable tone.**
