

CTS Dimple Potentiometer High-Torque split/knurled shaft, short bushing Audio (log): A250K for use in S-Style guitars

refers to part number: CTS-HTQ-A250K-SK

Specifications:

angle of rotation:	300° +/- 5°
operating torque:	0.8-2.0 in/oz
rating:	1/4W@55°C
taper:	30% Audio
insulation:	500V DC
rotational life test:	10,000 cycles
shaft material:	brass
terminal board:	bakelite with flame UL 94V2
