

Neo V-Type

Featuring a unique neodymium magnet assembly that provides pure Celestion tonality, the Neo V-Type delivers the familiar and addictive modern vintage sound of the V-Type, but with a weight reduction of almost 50%.

This sweet sounding speaker has a superbly balanced sonic signature that imparts a vintage musicality to your tone. Clean sounds have just the right amount of upper-mid chime and HF sparkle to add clarity and definition. Crank it up for a sizzling overdrive and some raw rhythmic grind, but expect a little extra definition and note separation for your searing, single note lead lines thanks to some neodymium magnet magic.
