

## Celestion G12TAD-30

LCEG12TAD-30

For our 30th anniversary as a company, Celestion gave us a 12", 30W loudspeaker that belongs to the G12H family - and is made in England.

With slight variations in components and voicing the LCEG12TAD-8 is sonically somewhere between a G12H and a G12M Greenback, and masters edgy blues and rock sounds perfectly. When fitted into a 4x12 you will get a classic woody British force of tone, strong enough to handle your 100W top.

Clean, the speaker is dynamic with clear and articulate highs and offers a warm low end. If you put juice on it, the TAD30 delivers a fantastic sustain, with a British vocal midrange and warm and harmonious overtones. The low end remains perfectly focused.

Compared to the G12H 70th Anniversary, the TAD30's voicing is milder, with more focus on the higher mids for a more natural tone.

### GENERAL SPECIFICATIONS

Nominal diameter	12", 305mm
Power rating	30W
Nominal impedance	8
Sensitivity	100dB
Chassis type	Pressed steel
Voice coil diameter	1.75", 44.5mm
Voice coil material	Round copper
Magnet type	Ceramic
Magnet weight	50oz, 1.42kg
Frequency range	75-5000Hz
Resonance frequency, F <sub>s</sub>	85Hz
DC resistance, R <sub>e</sub>	6.7

### MOUNTING INFORMATION

Diameter	12.2", 309mm
Overall depth	5.3", 135mm
Magnet structure diameter	6.1", 156mm
Cut-out diameter	11.1", 283mm
Mounting slot dimensions	0.31", 7.9mm Ø
Number of mounting slots	4
Mounting slot PCD	11.7", 297mm
Unit weight	10.4lb, 4.7kg
