

**CTS Dimple Potentiometer
split/knurled shaft, short bushing
Audio (log): A250K NO LOAD
for use in S-Style guitars
No Load: Pot turned fully clockwise
reads infinite resistance**

refers to part number: CTS-D-A250K-NL

Specifications:

angle of rotation:	300° +/- 5°
rating:	1/4W@55°C
taper:	30% Audio
insulation:	500V DC
rotational life test:	10,000 cycles
shaft material:	brass
terminal board:	bakelite with flame UL 94V2
